Networking with ACTEC

About ACTEC

ACTEC is a national organization of approximately 2,500 lawyers elected to membership by demonstrating the highest level of integrity, commitment to the profession, competence, and experience as trust and estate counselors. Our members, "Fellows," are the best and brightest in the trust and estate practice, with decades of experience representing and advising families. ACTEC Fellows individually practice in every state in the US and internationally. They are trusted counsel for many of our country's powerful and wealthy individuals.

ACTEC Sponsors share a commitment to integrity and professionalism and are true partners in the services Fellows provide to their clients. ACTEC Fellows network and meet nationally, regionally and on the state level throughout the year which allows one-on-one opportunities for our sponsor community.
